

HAWTHORN

LEADERSHIP SCHOOL FOR GIRLS

March 23, 2020

Dear Hawthorn Families,

I hope you are staying and healthy. As promised, I wanted to update you considering the most recent mandatory Stay at Home order that was announced by Mayor Krewson to all residents in the city of St. Louis.

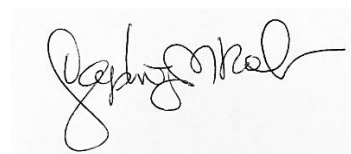

Because of the recent restriction, all schools in the City of St. Louis have decided to extend their closures through April 22. This decision will be continually re-evaluated in coordination with the Mayor's Office and Dr. Fredrick Echols, the Director of the City's Department of Health.

Even though Hawthorn is still on spring break, food sites across the city are still available for all children to take advantage of breakfast and lunch. All locations have grab and go meals so that families can take food home. Families can go to the location that is most convenient to their homes. The website where you can find the link is www.slps.org/meals.

With the extended closure, we will be sharing a learning plan and supports for your Hawthorn girl to follow over the next several weeks. If you have not already done so, please let us know if your student needs access to a computer during the extended absence from school. Please email me at drobinson@hawthornschoo.org. We will contact you with the process and when computers will be available. It will be imperative that your student continue their academic progress during this extended time away from school. We will continue to communication updates and changes as they arrive. In the meantime, please do not hesitate to reach out to me with any questions you may have.

Please be safe and we will in touch with you soon.

For Hawthorn,

Daphne J.M. Robinson
Head of School
